

Before You Start: Connecting Stripe

A quick checklist so your onboarding goes smoothly.

1. Have these ready

- Legal full name (as it appears on government ID).
- Date of birth and home address.
- Government-issued photo ID (passport, driver license, etc.).
- Last 4 digits of your SSN (US) or local tax ID.
- Bank account & routing numbers for payouts.
- A phone number you can receive SMS codes on.

2. What Stripe will ask

- Business type: pick "Individual" if you are paid as yourself.
- Industry: choose "Adult content" or "Digital media" (Stripe may ask).
- Website: use <https://cosplayxclusive.com/@yourusername>
- Product description: subscription content, tips, and pay-per-view media.
- Statement descriptor: short text shown on fan card statements.

3. Tips for fast approval

- Use the same name on Stripe as on your ID. Mismatches trigger review.
- Upload a clear, well-lit photo of your ID (no glare, all 4 corners).
- Make sure your bank account is in the same legal name.
- If Stripe pauses payouts, check email/dashboard for requested documents.

4. After you finish

- You'll be sent back to your CosplayXclusive payouts tab.
- Status flips to "Active" once Stripe approves usually within minutes.
- First payout typically arrives ~7 days after your first sale.
- Manage your account anytime from dashboard.stripe.com.
